

# INITIAL MEASUREMENT GUIDE

Before we can work up your FREE 3-D design & quote we will need some basic measurements. Don't worry, we can verify these measurements with our patented photo measure technology before you place your order.

- Step 1 - Draw an outline of the room where you will be installing new cabinets. This outline represents all the walls in the room as seen from above (also known as a floorplan).
- Step 2 - Draw two short lines to indicate the outside edge of the trim of each window and door in the room.
- Step 3 - Starting from the left and continuing clockwise around the room, label each wall segment, window and door with a single letter (A-T).
- Step 4 - Using a tape measure, measure each segment in the room (A-T) and record it in the spaces below.
- Step 5 - Draw boxes to indicate where you would like your appliances to be located in your newly designed space.
- Step 6 - Take photos of this completed document plus a few general photos of the space and send it in an email along with your full name to:

[designteam@misenocabinetry.com](mailto:designteam@misenocabinetry.com)

<b>A</b> = 48 inches	<b>F</b> = 42 inches	<b>K</b> = 50 inches	<b>P</b> = <input type="text"/> inches
<b>B</b> = 42 inches	<b>G</b> = 28 inches	<b>L</b> = <input type="text"/> inches	<b>Q</b> = <input type="text"/> inches
<b>C</b> = 38 inches	<b>H</b> = 42 inches	<b>M</b> = <input type="text"/> inches	<b>R</b> = <input type="text"/> inches
<b>D</b> = 42 inches	<b>I</b> = 33 inches	<b>N</b> = <input type="text"/> inches	<b>S</b> = <input type="text"/> inches
<b>E</b> = 30 inches	<b>J</b> = 32 inches	<b>O</b> = <input type="text"/> inches	<b>T</b> = <input type="text"/> inches

## Additional Measurements

Ceiling Height 98 inches

If applicable please record the following:

Soffit/Bulkhead Height (from floor) 84 inches

Ceiling Beam Height (from floor) \_\_\_\_\_ inches

# INITIAL MEASUREMENT GUIDE

Don't worry! Your floorplan does not need to be to scale.  
The grid is simply to help you draw straight lines.

Before we can work up your FREE 3-D design & quote we will need some basic measurements. Don't worry, we can verify these measurements with our patented photo measure technology before you place your order.

- Step 1 - Draw an outline of the room where you will be installing new cabinets. This outline represents all the walls in the room as seen from above (also known as a floorplan).
